

FALKENNAN OBSERVATION POST. 16TH SPRING 6054

PROGRESS ON BETA CHAMBERS ONE TO THREE SHOULD CLEARLY WITHOUT NEED OF FUTURE TEST AVERSION TO THE ANTIMATTER. AS SUCH COMMUNICATION WITH THE ORDAINER OF GORLHACH SHOULD INCLUDE CAPTURE OF THIS METAL FROM THE CITADEL.

PROGRESS ON BETA CHAMBERS FOUR TO SIX AS CONTROL TESTS SHOW MINIMAL GROWTH IN SUNLIGHT AND INCREASED YET PONDEROUS DEVELOPMENT ON PERIGEE.

PROGRESS ON BETA CHAMBER SEVEN REACHED UNEXPECTED POTENTIAL. INITIAL OBSERVATION PROVES INCLUSION OF ADDITIVES OF MULTIPLES OF LIFE TO NESTS EXPEDIATES WITH PERIGEE TO DEGREES AS OF YET UNREALIZED. TEST SUBJECTS IN THE NEST WERE PROCESSED BEFORE THE MOONS WANE AND NO OCCURRENCE OF UNLIANTED SYMBIOSIS LEAVES THIS PROCESS ON SCHEDULE.

PROGRESS ON BETA CHAMBERS EIGHT TO TWELVE WITH RACIAL DISSONANCE PLACEBO SHOULD TENDENCY TOWARD THE PURER OF FORMS. HENCE LAAN AND LOARI PROVE TO BE THE STRONGEST GENERATORS TO BE ATTUNED TO FUTURE PROCESSES.

FALKENNAN OBSERVATION POST. 40TH SPRING 6054

PROGRESS ON BETA CHAMBERS ONE TO THREE HIGHLIGHT RESISTANCE TO LAEN HOWEVER OVER TIME THE MATERIAL PROVED SUFFICIENT TO SLICE GROWTH. RECOMMEND ADDITIVES FOR FINAL TEST.

PROGRESS ON BETA CHAMBERS FOUR TO SIX CONTINUE TO DISAPPOINT WITH PROCLIVITY TO SHADOW IN FACE OF LIGHT. SUGGESTIONS FROM FIRST LEAF NOVICES ARE TO BE REJECTED AND CONCENTRATION ON GENERATION OF PERPETUAL NIGRITUDE MUST REMAIN OUR FOCUS.

PROGRESS ON BETA CHAMBERS SEVEN TO TWELVE ARE NOW MODIFIED FOR INCLUSION OF MULTIPLES OF RACIAL TYPES. NAMELY LAAN LOARI LINAERI SHAY THESIAN AND ANZETI. RESULTS VARY WITH LAAN AND LOARI PROVING SUITABLE HABITATION FOR GENERATION OF SPORES.

FALKENNAN OBSERVATION POST. 64TH SPRING 6054

FINAL PROGRESS ON BETA CHAMBERS ONE TO TWELVE CONTINUE TO SHOW ADVERSE REACTION TO MULTIPLES OF ENCHANTMENT. ADDITION OF MULTIPLES OF HOSTS LAAN AND LOARI SHOW INCREASED STRENGTH AND RESILIENCE TO ENCHANTMENT. THE BETA OBSERVATION POST IS NO LONGER NECESSARY FOR RESEARCH. ORDERS TO FLAME THE TUNNELS HAVE BEEN PERFORMED AND WITHDRAWAL OF THE ORDER OF THE FIRST LEAF OF UNLIFE HAS BEEN MADE IN PREPARATION FOR THE DARKSIDE ZENITH.
