

My Lord, Stjepan Remeck

I have not been able to make Dasek nor Gemeris, however I have sent men and expect word in the next few days. At the Sagnoris estate we were met with Lord Sagnoris and his men, and after negotiation agreed to talk further. He has some three hundred knights at his command.

Word from Radomir is in the following castles Bokpentok amasses its troops in Bourrel, Aldonen and Virin. Estimates at this time are two thousand with daily arrivals.

Faithfully
